\*LA Progressive. Why "No" on no cash bail?

Proposition 25 **No** **Vote NO on Prop 25 to reject pretrial discrimination and make sure we end cash bail the right way.**

Prop 25 gets rid of money bail across the state — but it does this by using a discriminatory risk assessment system in its place. These risk assessment tools are not scientific and objective; instead, they are racially and socioeconomically biased. Prop 25 also expands funding to law enforcement agencies and increases the power of judges to incarcerate people without a conviction. **Vote NO on Prop 25** to prevent the use of racist algorithms that do not improve pretrial justice.
