

Policy Statement:

WISPPA Support of Other Organizations' Fundraisers and Events

WISPPA receives many requests from other organizations to advertise their events to our members or sponsor or participate in their events. To remain consistent with respect to all such requests, we have adopted the following policy statement.

Sponsorship of Events: WISPPA only “sponsors” its own events or events for which it acts as co-host, unless otherwise approved by the membership of WISPPA.

Purchasing Tickets/Tables: WISPPA, itself, does not purchase tickets to or tables at events hosted by other organizations. A WISPPA member may desire to purchase tickets or encourage other members to purchase tickets to a non-WISPPA event; however, this is a member-driven activity, and not ‘sponsored’ by WISPPA.

Sharing Information: WISPPA will share information regarding events to members through emails, website posting and/or announcements at meetings for the following: (WISPPA reserves the right to determine how the information is to be communicated)
